

Eggar's School

Equality Information & Objectives

Statement 2019

In this document we present the data used to review Equality Information and Objectives which is a Statutory Public Sector Equality Duty.

This data has been published in the form of a report by Arbor and focuses on ethnicity. They use ASP (Analyse School Performance) validated data.

This particular report helps to identify the gaps between our student groups, showing us which groups are under or over performing relative to the school, group and national averages. All gaps are compared to the school average.

In our case there is either;

- no data of statistical significance to indicate an objective or
- the data collected does not apply to our students (African Asian or Moroccan) or
- the DfE has disguised it to preserve anonymity

Equality Objective

Based on the results of Summer 2018 and what we know about our current Year 11, as well as our OFSTED report foci the Equality Objective for 2019 increase Progress measure for 'White British' students;

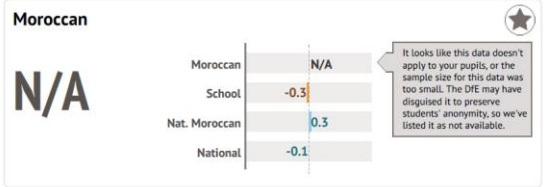

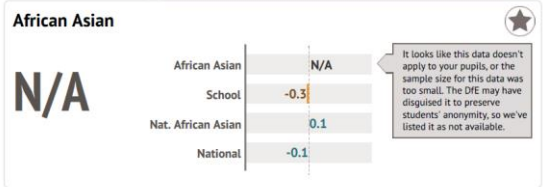

- KS4 Progress 8: Overall
- KS4 Progress 8: English Element
- KS4 Progress 8: Maths Element
- KS4 Progress 8: Open Element

Ethnicity Summary

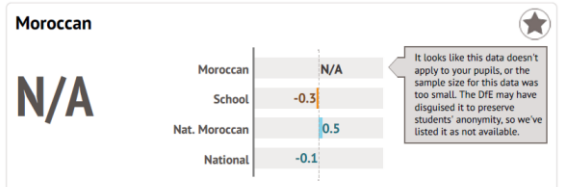

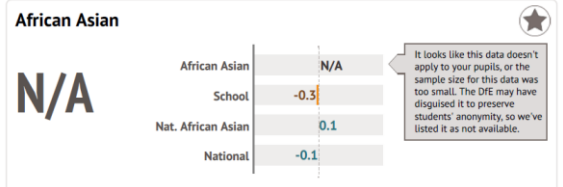

We've looked at all the gaps across Eggar's School relating to Ethnicity and summarised them here using a simple star system. A green star indicates there is no gap between the group and your school average. An orange star indicates the group has performed below the school and national averages, whereas a yellow star indicates the group has performed between them. A grey star means we couldn't find the data or it has been suppressed.

	Largest Ethnic Group	Second Largest
Attendance		
Absenteeism: % Overall Absence (Total Sessions Missed)	★	★
Absenteeism: % Persistent Absence (10% or More of All Sessions)	★	★
Progress
