If an assessment objective has been omitted at subject cohort level, please briefly outline the reasons why:								
➤ N/A								
Outline the rationale for the choice of assessment evidence used, i.e., why the evidence above was used and how it supported the grading decision:								
➤ The assessments included for the assessment window were the fairest way of providing assessment that students had never seen before. As we had covered the entire specification, it made sense to include a full set of papers from November 2020 that included coverage for all assessment objectives. Year 9 and 10 PPE mock grades will be included alongside the assessment window resources. These were also OCR past papers using the entire coverage of assessment objectives.
