

Yr11 Revision Programme 2023-2024 1440 – 1540

WEEK	MONDAY	TUESDAY	WED	THURSDAY	FRIDAY
SEPTEMBER	AUTUMN TERM 1				
04 – 08	<p>In the Autumn Term Teachers submit their view of the ‘Most Likely GCSE Grade’ that individual students will achieve for internal purposes. Based on these views we ask some students specifically to attend revision sessions in the afternoons from 14.40 to 15.40 Teachers will contact students and families to notify them of the need for revision intervention in Autumn.</p> <p>We ask for your support.</p> <p>For all others in the Yr11 cohort there will be online revision resources including webinars, sometimes live or pre-recorded. See subjects in red. Computer Science will only be online throughout the year.</p> <p>For practical subjects such as Photography, Art, DT and Music the revision is open to all and appears more than once in a week as they are completing NEA submissions.</p> <p>There will be no revision programme at school during the Pre-Public Exam period. After Christmas our revision programme will be streamlined to become a ‘live in school and online’ provision for all.</p>
