Dear Parent/Carer,

### GET INTO TEACHING INFORMATION EVENTS THIS TERM

In case you are considering a career in teaching, we wanted to remind you of our information events taking place this term. These events are a great opportunity to speak to teachers, trainees and representatives from education to find out more about the training programme, the funding options and how to apply.

Teaching represents an attractive option, offering lifelong learning, progression into leadership, daily challenges and rewards, providing a huge sense of achievement. Passionate teachers can hugely inspire young people and make a real difference to their lives.

The Oscar winning actor, Cillian Murphy, recently said *"I had a really good English teacher, Billy Wall... he very much encouraged me.... I remember him saying to me I think you should do something in the arts. It's always good to have one good teacher in your corner because I know coming from a long line of teachers how important one good teacher is. They can make a big difference"*

If you would like to find out more about teaching as a career and local training opportunities, please register [here](#) to attend one of the following information events:
