

Geography LEARNING JOURNEY

GCSE Geography

Fieldwork recap

Paper 2 recap

Economic futures in the UK

Geographic Mastery: Revision, Practice, Prerelease

Urban sustainability requires management of resources and transport

How urban growth creates opportunities and challenges in LICs

Births, deaths and marriages – A demographic transition

The world at night – what does it tell us?

What is the Horn of Africa like? Why was it the pirate hot spot?

In Europe?

Slum –ing it in Mumbai

Prerelease work

Paper 1 recap

Mock exam preparation

Tourism can help a country develop

Rich world, Poor world

Economic World

In depth study of Nigeria's economy

Closing the gap

Natural disasters

YEAR 11

Nepal 2015 and New Zealand 2016 Earthquakes

Tropical storms and Typhoon Haiyan

In depth study: Portsmouth

In depth case study: Rio

Earthquakes and volcanoes

How climate change impacts tropical storms

Large scale water transfer project: China

Food, Water and Energy are fundamental to human development

River Landscapes

Resource Management

YEAR 10

Managing river flooding

River Processes

Local water project: Sand Dams Kenya

Climate change

UK's changing provision of resources

Why is the desert spreading? How can it be stopped?

Deserts

A detailed study of the Sahara desert

What are they like? Deforestation

How can we develop our deserts sustainably?

Population and development

Coasts

Rainforests

Mega Cities

If the world was just 100 people, what would it be like?

Coastal erosional and depositional features

A detailed study of the Amazon rainforest

Is the impact of an earthquake dependant on the development of the country?

How did we stop piracy in the Somali sea?

How does disease impact development?

How a map saved lives, 1854

Crime

The geography of disease

Restless Earth

Local crime: A school based study

Environmental crime: Deforestation

How can we control the spread of disease?

Malaria, HIV and Ebola

Volcanic eruptions

Tsunami

Earthquakes

The Volga river

Plate tectonics

Hurricanes, Typhoons or Cyclones?

The coldest village on earth

YEAR 8

The Russian Bear

Our place?

Tropical Storms

Russia's plan to "steal" the arctic

Climate change winners?

Where in the world do they form?

Climate change and storms

Sharks!

Coral reefs

Global ecosystems

Our coastline – Durdle door and Lulworth cove

Map skills

Save our planet!

Amazing Places

YEAR 7

Glaciation

How humans cause flooding, A school based infiltration study

Climate change

Sustainable Dubai?

Tectonic Iceland

welcome
