Eggar's Together

**Creating Connections, Raising
Funds, Shaping Futures**

www.eggars.net/pta

Eggar's Together was created in response to the growing challenges that schools face today.

We're a community of parents and staff working together to help every Eggar's student thrive - through connection, giving time and collective support.

CONNECTIONS

We believe in the power of working together. By linking with our local community, we benefit both our children and the wider area.

Work locally? Tell us where and what you do - we'll handle the rest.

GIVING TIME

We understand that regular commitments can be tough, but giving just **three hours a year** can make a real difference. Everyone has something to offer - and every bit counts.

COLLECTIVE SUPPORT

Schools today face greater challenges and rising expectations. If time's tight, a **£20 annual donation** helps us say YES more often to teacher requests and support the school in meaningful ways.

At Eggar's Together, we support our school community through 3 key ways:

CREATIVE FUNDRAISING

We help fund essential extras - equipment, experiences, and vital resources - that enhance students' learning. The need is constant. Without your support, we limit opportunities. Your contributions helps every student thrive.

CREATING MOMENTS THAT MATTER

From the Year 7 Disco to Colour Runs to Mega Eggar's Easter, we support events that spark joy, build connection, and create a sense of belonging - helping every student feel included and valued.

SECURING GRANTS

We secure over £10,000 in grants each year, funding projects that support the school's goals. Recent successes include new guitars, a laser cutter for DT, and cookers for Food Tech.

Together, we're building a stronger, more connected school community where every student can thrive.

Can you help us?

Join us in supporting your school community. Every bit of time, skill, or support helps create better opportunities for our students. Together, we make a difference.

CONNECTIONS

- Yes, I work for a local company
- I'd like to offer connections or expertise
- My company can help with sponsorship /match funding/ contributing to costs to run key fundraising events

..... OR

GIVING TIME

- Yes, I'd like to volunteer **3 hours a year**
