## HOME LEARNING CLUB

We believe that home learning has an important part to play in helping students to progress. Studies suggest that it can **add up to eight months of progress** to a student's learning (Education Endowment Foundation). Home learning is set for all students, and we expect the volume to increase as they move through the school.

Students can get their home learning done before the weekend with our Home Learning Club, between **15:00 and 16:00 Monday to Friday in IT1**.

The club has staff available every day to support.
