## **Other PPE examinations details**

WB 13th October = French and Spanish Speaking exams.

9th and 10th December = Art and Photography exams taking place in classrooms.

## **Additional Information**

You will receive an individual timetable confirming your exam locations and seat numbers. You will be assigned the same seat for the majority of your exams.

Please check the line-up and start times for each exam carefully.

It is important that you line up in silence before each exam, allowing yourself time to compose and begin the exam in a calm and focused state.

Full school uniform is required. Coats and bags must be left in lockers, as they are not permitted in the exam hall.

Mobile phones, watches, and any electronic devices—such as fitness trackers, AirPods, or revision notes/materials—must not be brought into the exam hall.

Please ensure you bring all necessary equipment for each exam in a clear pencil case.

Remember to bring any specific Maths equipment and a calculator for Science and Maths exams, or for any other subject where required. We have a limited supply of spare calculators, but they may not have the same functions as those you are used to.

We recommend bringing a bottle of water to stay hydrated. Please ensure it is a clear plastic bottle with all labels and logos removed.
